Mohamed Ahmed Saad

Civil Engineer | Site Engineer

Phone: +20 1000474956| Email: Muhammedsaad5699@gmail.com**| Mansoura, Egypt**

PROFESSIONAL SUMMARY

Civil Engineer with 6+ years of hands-on experience in construction management, site supervision, and general contracting. Proven ability to lead residential and commercial projects from design execution to final delivery, ensuring quality control, cost optimization, and on-time project completion. Adept at coordinating with multidisciplinary teams, interpreting technical drawings, managing finishing works, and implementing safety standards and project documentation. Strong background in problem-solving, resource management, and contract administration across villas, apartments, towers, and educational facilities.

PROFESSIONAL EXPERIENCE

Finishing Works – Site Execution & Supervision

Delivered 20+ finishing projects across Mansoura and other cities, covering villas, apartments, and residential towers.

Executed finishing works across all market tiers, from budget-friendly units to high-end luxury projects**.**

General Contracting – Construction & Site Management

Contributed to multiple large-scale construction projects, including residential towers and educational facilities.

Coordinated with subcontractors, reviewed technical drawings, and ensured compliance with quality and safety standards.
